

Product Authentication Manual

Purpose

This Product Authentication Manual explains how we ensure that all products sold on our website are 100% genuine, brand new, and legally sourced.

Products Sold

We sell trading cards, skateboards, stunt scooters, and clothing. We do not sell counterfeit, replica, refurbished, or second-hand products.

Product Sourcing Policy

All products sold are brand new, unused, and sourced directly from authorised suppliers, distributors, or manufacturers. We do not purchase from individuals, resale markets, or unverified suppliers.

Trading Cards Authenticity

All trading cards are supplied directly by authorised distributors or licensed wholesalers. Sealed products remain factory sealed and unaltered. No replicas or reprints are sold.

Skateboards & Stunt Scooters

All skateboard and scooter products are sourced directly from official brand suppliers. Items are new, unused, and meet manufacturer and safety standards.

Clothing & Apparel

All clothing is sourced directly from brand-approved suppliers and includes original tags, labels, and packaging.

Quality Control

Products are checked against supplier invoices and visually inspected before dispatch. Any item not meeting standards is removed from sale.

Zero Tolerance for Counterfeits

We operate a strict zero-tolerance policy for counterfeit products. Any suspected items are removed immediately and customers are refunded or replaced.

Compliance

Our practices comply with consumer protection, trademark, and anti-counterfeiting laws.
